Business Offer

Gojem- SMS, USSD, bluetooth and/or MMS based application for farmers and pastoral.

Gojem is a project just started by A & L application development team and Mekane Yesus Seminary. The project aims into bringing farmers and pastorals into the modern competitive market. By applying any possible technology, including SMS, USSD, Bluetooth and/or MMS makes critical information accessible for farmers and pastorals. Farmers/Pastorals can demand information ranging from weather to price of their products.

Keywords: AgriTech   AgriUSSD System
Cooperation Offered
